STEEL MILL HORROR

Employes at Butler, Pa., In a Shower of Molten Metal.

4 DEAD; 20 FATALLY HURT

Metal Pot Upset, Pouring the White Hot Liquid on the Men, Some of Whom were Literally Cooked—Was Shocking and Heartrending Scene.

Butler, Pa., Oct. 8.—An explosion caused by the upsetting of the metal pot in No. 1 cupola of the Standard Steel company here caused the death of four men, fatally injured twenty and seriously injured ten others.

Nearly all of the men were foreigners.

The large steel plant was demolished, causing a loss estimated at one hundred thousand dollars.

The condition of the thirty men injured is pitiable. Although still alive the features of the majority are mutilated beyond recognition. The hot metal was showered over them, causing horrible injuries. Arms, fingers and ears were torn off, while a number of the men had their eyes burned out. Several of the men are in the hospital with their legs burned to a crisp. The physicians attending the injured said that at least twenty of them would die.

The explosion was caused by the upsetting of a metal pot in the cupola which contained 5,000 pounds of molten metal ready for casting. A span in the pot broke, allowing the liquid iron to spill over the wet sand. An explosion followed so quickly that none of the workmen in the building had a chance to escape.

Streams of molten metal poured out on the workmen, some of whom were engulfed and literally cooked alive. Twenty men near the cupola had every shred of clothing torn off by the force of the explosion.

Many of the unfortunate men were buried under the wreckage and were not rescued for an hour after the accident. When the flames shot from the burning car works fully 10,000 people rushed to the scene, blocking the streets and interfering with fire companies and ambulances.

Through lack of room many of the injured were compelled to lie for an hour on cots in street cars before it was possible to take them to the hospital, a mile and a half away. Members of the fire department and citizens assisted in caring for the men who were totally naked and suffering intensely with the cold.

IN MEMORY OF DANIEL BOONE.

Site of Old Fort Marked by Simple Monument.

Ft. Boonesborough, Ky., Oct. 8—To mark the site of Boonesborough, the oldest permanent settlement in Kentucky, 4,000 people gathered Saturday on the site of the old fort to unveil a simple monument erected by the Boonesborough Chapter of the Daughters of the American Revolution.

Favored by ideal autumnal weather, nothing occurred to mar the exercises attending the unveiling of the monument by seven children, all descendants of the pioneers in the fort. Four of the men who attended the celebration at Boonesborough 57 years ago, were present, being Thomas Fowler, of Woodford county; J. P. Shaw, of Franklin county, and Ira Scudder and S. P. Phelps, of Madison county.

The unveiling exercises began with an address by Rev. Hugh McLellan, of Richmond, who reviewed the history of the chapter. He was followed by Senator James B. McCreary, Colonel James W. Caperton, Judge G. B. Kinkead and Judge James Benton.

Ft. Boonesborough was erected 132 years ago by Daniel Boone, the most noted pioneer to invade the forests west of the Allegheny mountains in search of new fields to conquer.

Convicts Attack Guards.

Tobolsk, Siberia, Oct. 8.—A gang of convicts who were being escorted here from eastern Siberia, attacked their guards and wounded six of the men. The guards fired on the convicts, 22 of whom were killed.

DOCTOR AND WIFE ACQUITTED.

In Rowland Case Verdict of Not Guilty Is Returned.

Raleigh, N. C., Oct. 8—The jury in the Rowland murder trial at 9:30 o'clock Sunday morning, returned a verdict of acquittal, with a very few people in the court room at the time. Dr. and Mrs. Rowland were charged with poisoning the womna's former husband, Charles R. Strange.

The jurors slept Saturday night, after being discharged, and did not begin consideration of the case until after breakfast Sunday morning. The first ballot resulted in a verdict for acquittal.

Dr. Rowland attended Strange in his last illness, and it was alleged that the doctor and Mrs. Strange poisoned the latter's husband. The motive was alleged to be the fondness of Dr. Rowland and Mrs. Strange for one another, the state attempting to prove that they were too intimate. The state made much of the fact that Dr. Rowland and Mrs. Strange were married in a few weeks after Strange's death.

Strange was a railroad engineer, and much older than his wife, who is a young and handsome woman.

It is said the Brotherhood of Railway Engineers pushed the prosecution of Dr. Rowland and his wife, who was formerly Mrs. Strange.

READ NOVEL IN CHURCH.

Pastor Writes Story Which He Reads To Congregation.

New York, Oct. 8.—To his congregation in St. Stephens Episcopal church, Totensville, Staten Island, the Rev. Guy R. Jamieson, pastor read the first installment of his novel, "Captain Jacklyn's Club," Sunday night. He read ten typewritten pages in half an hour. At the moment when he had his audience deeply interested and at a climax in the story, the clergyman ceased to read and said:

"That is all for this evening."

The Rev. Jamieson will continue the reading of his novel every Sunday evening during the next three months. He hopes by diversifying the service to draw larger congregations and to point to them a strong, good moral. His novel, written with this purpose, teaches temperance in strong drink, and urges the extermination of the saloon.

Nuptials Set for Nov. 4.

Newport, R. I., Oct. 8.—Society has heard that the wedding of Miss Gladys Vanderbilt and the Count Laszio Szechenyi is to take place on Monday, Nov. 4, but society is hearing so much in so many ways about this interesting event which everybody is discussing that it may be incorrect in this instance. Nevertheless, near friends of the family say the report is right as to the date, and in the absence of any authentic information to the contrary, Nov. 4 is being generally accepted as the time and residents here are preparing for the occasion.

3 CRIMES CHARGED

Man Alleged to Have Murdered Farmers and a Girl.

CAPTURED AFTER A YEAR

Trial of Charles Henry Rogers, which Began Monday at Goshen, Will Be One of More Than Passing Interest.

Goshen, N. Y., Oct. 8.—A murder trial of more than passing interest began here Monday when Chas. Henry Rogers was called on to answer the charge that he murdered Frederick and Willis Olney, prosperous dairy farmers who lived together, and the daughter of their housekeeper, Alice Ingerick.

Rogers is 32 years of age, country born and bred. He has a wife and five children none of whom he has seen since he left his home in Middletown a few days before the committal of the crime charged against him. Rogers is said to have confessed. According to the confession he had lost his place, and desperately in need of money, he heard that the Olneys had received $300, and armed with a 2-foot section of gas pipe, and a loaded pistol, he set out for the Olney farm.

By pretending to be a railroad detective in search of a desperate character, he lured the Olney brothers in to the woods near their home.

There, it is said, he shot and killed the brothers and robbed them of their watches and $16 in money.

Returning to the Olney farm house he felled Mrs. Ingerick with the gas pipe; then it is charged, he killed her daughter Alice with the same instrument of death, and was ransacking the house when apprehended by the neighbors who caused him to flee. He made his way to Chicago and later to Los Angeles, and was captured in the latter city last April after the police had searched for him for a year and a half.

The defense is to be insanity, based on injuries received years ago by Rogers in a railroad accident.

Rogers' wife, who has been supporting her wife and five children by day-work called at the lockup a day or so ago for the first time to see her husband.

"She waited so long, she can go," said Rogers.

FLORIDA MAN KILLS WIFE.

He Then Committed Suicide by Drinking Carbolic Acid.

Key West, Fla., Oct. 8.—Austin Griffin shot and killed his wife Sunday at the breakfast table, then committed suicide by drinking carbolic acid.

Mrs. Griffin had parted from her husband but he refused to leave the house, demanding half of the property.

Sunday morning the husband demanded an understanding and she refused to converse with him. He drew his revolver and shot her in the back of the head, causing instant death. He survived her one hour.

He Assaulted Child; Killed by Father

Newton, Miss., Oct. 8.—News reached Newton of the killing Saturday of a negro, Willie Bender, who attempted to assault a 6-year-old white girl. The negro, according to a story told the child's father, Benjamin Coker, a planter, by her little brother, had lured the little girl into a cotton gin house. Coker seized a shotgun and came upon the negro while he was attempting to make his escape. He fired a load of buckshot into his head, killing him instantly.

Protest Against Action.

aMdrid, Oct. 8.—A meeting of 500 persons held here Sunday to protest against the action of France and Spain in Morocco passed off quietly. A resolution was voted calling on the Spanish government to recall its troops and to respect Moroccan independence and protesting against the expulsion of French socialists from Spain and of Spanish socialists from France.

BANK BURNED; OFFICER SHOT.

Four Men Attempt to Rob the Bank at Leeds, Ala.

Leeds, Ala., Oct. 8.—A negro, who was shot in the hand and captured here Sunday night by Constable Geo. Lamar, confessed to being one of the party of four men, two white and two negroes, who robbed the bank at Seddon Sunday night.

Coming so close on the heels of the two big robberies, one at Seddon and one at Pell City, the constable believes he has the right party.

About 8 o'clock Sunday night Constables Lamar and Smith were standing in the drug store, when they heard a noise in the bank, which adjoins the storne. They went toward the bank with their pistols drawn and ready. Constable Smith went to the back door of the bank building, which opened out on the court house square. Suddenly the back door opened and four masked and armed men attempted to pass him. He called for Lamar to join him, at the same time firing his revolver.

Lamar turned the corner, and as he did so the negro attempted to pass. He fired, hitting him in the hand.

The negro stopped running and was captured. Smith pursued the other three men and a running fight ensued. Mr. Smith was shot in the abdomen and though seriously injured, he continued the chase. However, the robbers succeeded in making their escape.

About this time fire broke out in the bank, and an explosion occurred. The flames gained rapidly, and in a short time the bank building and the adjoining drug store were totally destroyed. It is thought the fire was caused by the robbers in an attempt to blow open the safe.

The negro captured refused to tell who his companions were, but gave his name as Tom Benjamin.

Constable Lamar said he was certain that they were the same gang that robbed the bank at Seddon and held up and robbed the county treasurer at Pell City.

Brother Shoots Brother.

Buffalo, N. Y., Oct. 8.—Louis Weber, Twenty-five years old, blew the top of his fifteen-year-old brother's head off with a shotgun as he was cleaning the weapon. The boy was instantly killed. The dead lad's father sat sleeping in a chair in the same room. Roused from his sleep by the explosion, the old man exclaimed: "Lightning has struck somewhere!" "No, father, replied Louis, "I have shot my brother Richard, and he is dead." With that Louis dashed out of the house and ran away. He later gave himself up to the police.

Meat Packers' Association.

Chicago, Oct. 8—Meat packers and dealers have gathered here to attend the second annual convention of the American Meat Packers' association, which commenced Monday and continues until Tuesday evening, closing with a banquet. The meat inspection law and regulations, machinery as an economizer and export problems will be considered. Among the speakers are former United States Senator W. A. Harris, of Lawrence, Kans., and Charles B. Murray, of Cincinnati.

SPINNERS IN SESSION

Cotton Kings of the World Assemble In Atlanta.

WILL BE SESSION OF 3 DAYS

James R. McColl Called Conference to Order, Making a Notable Address—Delepates Represent Aggregate of $3,967,000,000.

Atlanta, Ooct. 8.—The first three days' session of the international conference of cotton manufacturers and growers was called to order in the house of representatives promptly at 10 o'clock Monday morning by President James R. McColl, of Providence, R. I. Mr. McColl then read his address, which was a lengthy and interesting document. Among the reforms urged by the president was a uniform bill of lading for the world and the abolition of speculation in cotton.

The bill was filed with the delegates and those interested in the object of the conference.

Cotton kings of the world, including a strong representation of foreign spinners and manufacturers, were given hearty welcome by Atlanta Sunday, and the meeting for the three days this week was heralded by the truest hospitality.

From the time the delegates were met by a committee of prominent Atlantans early Sunday morning until the last delegate had retired for the night, the day was a round of pleasant sightseeing, meeting of friends and informal discussion of subjects of mutual interest and importance.

All-Absorbing Question.

The all-absorbing question was cotton. The work of cotton farmers, spinners and manufacturers was all gone over and the Georgia farmer and the spinner from Europe gave each other the benefiit of their experiences.

The delegates arrived Sunday morning, shortly after midnight, remaining in the palatial cars of the Southern railway until early Sunday morning, when they were met by fifteen members of the special committee, headed by Mayor W. R. Joyner, and C. E. Harman The committeemen were accompanied by 40 automobiles and the visiting delegates were carried to their hotels in the machines.

Hotel Decorated.

The Piedmont hotel, the official headquarters of the convention, was decorated with the flags of all countries, and the visitors were assigned to their respective quarters without any delay.

Each delegate as he registered was given a badge with a number, and this arrangement will prevent any confusion in the assignment of the visitors.

Delegates of the National Farmers' union began to arrive Sunday night and 50 representative members had been reported by midnight. Monday morning saw this number of delegates increased to 120. All of the delegates will have seats on the floor of the house of representatives during the convention.

The aggregate wealth represented by the delegates to the convention of the International Association of Cotton Manufacturers and Growers is conservatively estimated to be $3,967,000,000.

Peacemaker Killed.

Louisville, Ky., Oct. 8.—While trying to act as peacemaker James T. Curtsinger was shot through the head and instantly killed by John Ryan, a bartender. The cause of the tragedy was a fox terrier which Ryan recently purchased and which Charles Miller, a riverman, claimed. Curtsinger stepped between the men in an effort to prevent trouble and was shot by a bullet from Ryan's revolver.

Negro Killed by Revelers.

Americus, Ga., Oct. 8.—Revelers passing a negro church near Americus Saturday night fired a fusillade of bullets at those inside the building, killing one negro named Henry Osborne. There is no clew to the perpetrators of the outrage.

NEWS OF CITY AND COUNTY CONDENSED

Mrs. W. W. Hampton has returned from a pleasant visit to Jacksonville.

Belton Conley of Hague was among those who spent yesterday trading in Gainesville.

Miss Mary Thomas of Rochelle was shopping in the city yesterday, dining with friends.

Dr. J. Harrison Hodges has returned from Arredondo, where he was summoned on professional business.

Foley's Kidney Cure will cure any case of kidney rouble that is not beyond medical aid. J. W. McCollum & Co.

Sam P. Nipper, a well-known citizen of the Newberry district, was among those who spent yesterday in the capital.

A. G. Lamb of Micanopy, one of the most successful truckers in that section of the county, was in the city yesterday.

Mrs. Esther C. Jordan has gone to Alachua, where she will visit her parents, Mr. and Mrs. James Chesnut, for a few days.

W. W. Geiger of Micanopy was looking after his interests here yesterday. He owns considerable real estate in Gainesville.

Mr. Phillips, senior member of the firm of Phillips & McEachern, lumber manufacturers, Meredith, was among those who spent yesterday in this city.

Miss Dorie Ellis has returned from Waldo, where she has been on a visit of several days to her sister, Mrs. Chas. A. Marks, and nephew, Master Marks.

R. M. Ellzey, Jr., of Ellzey, Levy county, was in the city yesterday. He was en route to Tyler, where he has accepted a lucrative position with the Tyler Lumber Company.

W. G. Tilghman of Palatka was in the city yesterday. Mr. Tilghman was en route to Lukins, Levy county, where he is extensively interested in the manufacture of lumber and shingles.

W. M. Patterson, a progressive merchant of Dunnellon, is in the city. Mr. Patterson has been suffering considerably with his eyes recently, and came to consult Dr. J. Harrison Hodges, who is a specialist in that line.

S. L. Crews of LaCrosse, one of the most progressive farmers in that section of the country, was in the city yesterday. Mr. Crews brought a load of fine new sweet potatoes, which he had no trouble disposing of in the market for eighty-five cents a bushel.

E. L. Cushman, who has been suffering for the past month with rheumatism, has gone to Hot Springs, where he will remain for a few weeks. Friends of Mr. Cushman sympathize deeply with him, and trust that he will be completely restored to his normal health.

R. W. Higdon of High Springs, one of the leading merchants of that progressive town, also proprietor of the leading hotel there, was in the city yesterday. Mr. Higdon states that trade is good, and that the people of High Springs as a rule seem to be contented and prosperous.

No home is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50 cents. It will cure every member of the family of constipation, sick headache or stomach trouble. J. W. McCollum & Co.

Fred W. King of Jacksonville, member of the firm of Johnson, King & Co., manufacturers of candy and crackers, is in the city on a combined business and pleasure trip. Mr. King is a Gainesville boy, married a Gainesville girl, and has many friends here who are always glad to see him.

Thomas Alderman of Arcadia, who was a student of the University of Florida last year, has returned, and has entered the University for the fall term. Mr. Alderman, being a young man of most affable and entertaining disposition, made many friends last year, all of whom are glad to see him here again.

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. J. W. McCollum & Co.

J. Raney of Charleston, W. Va., a clever young man who has decided to make his home here, has accepted a position temporarily at the store of J. H. Vidal, the grocer, relieving O. B. Bailey, who has been ill for the past few days. Mr. Bailey's friends sympathize with him in his illness, and trust that he will soon be out again.

Fred Roux left yesterday for Atlanta, where he will resume his studies in the Atlanta Dental College. He will be joined at Adel, Ga., by Guy Mixson and Hartridge Lee, two more Gainesville boys, who are attending the same college. Fred is a bright young man, and his friends predict for him a great future in his chosen profession.

Wm. Evans of Island Grove, a trustee of the Island Grove sub-school district and postmaster of that thriving village, was in the city yesterday on business connected with his sub-school district. Mr. Evans is one of the leading citizens of that entire section, and has done a great deal for the advancement of his village, educationally and otherwise.

Justice J. D. Chamblin and S. T. Fleming, two well-known citizens of Archer, were among those who spent yesterday in Gainesville, the former making The Sun a pleasant call. Judge Chamblin states that his son, J. A., who is studying dentistry at the Maryland University, Baltimore, has returned to that institution, after spending a pleasant vacation at home.

Conductor C. J. McDowall of the Atlantic Coast Line, who makes his headquarters in Jacksonville, after a brief visit to his brother, W. S. McDowall, in this city, returned to his home yesterday. He formerly resided in Gainesville, and has many friends here who were glad to welcome him again. He is running between Jacksonville and Tampa via Palatka and Sanford.

Chas. V. McQueen of Newberry was among the prominent visitors to Gainesville yesterday. Mr. McQueen is an enthusiastic good roads advocate, and is doing everything possible for the building of the road from Newberry to connect with the road from Gainesville. He reports that the people are thoroughly aroused, and the road will certainly be built within the next few months.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine. J. W. McCollum & Co.

The Georgia State Fair will be held at Atlanta, Ga., October 10th to the 26th. The date of sale for these tickets will be from October 10th to October 25th inclusive. Parties in the State of Florida who desire to take this trip can get rates either from Jacksonville or Live Oak at the very much reduced rate of $8.85 from Live Oak and return, or $10.35 from Jacksonville and return. Final limit of the tickets is not later but up to midnight of October 28th. These tickets entitle party's admission to the grounds. For further and detailed information, write to Frank C. Boylston, District Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

Delightful Informal Occasion.

One of the most delightful informal occasions tendered in this city for some time, notwithstanding that it was a gathering of friends to bid a friend good-bye, was a gathering of a few intimate friends at the home of Mrs. Robt. McClellan, West Liberty street, Monday night, who had come together for the entertainment of Mrs. Maretta Brooks, organist at the First Baptist church, and one of Gainesville's leading music teachers, to tell the lady good-bye. Mrs. Brooks, who is well known and popular in this city, has accepted a traveling position with the Woodmen of the World, and will assume her new duties at once.

There were quite a number present, the evening being passed in a most pleasing manner in music, etc., and during the occasion delicious cold refreshments were served

As Shakespeare is quoted as saying, "Parting is such sweet sorrow, that we could say good-bye until the morrow," this was the case here, and, while those assembled very much dislike to have Mrs. Brooks leave, they parted, wishing her much success in her new role.

THE LATEST GOSSIP From GAY NEW YORK

BY OUR REGULAR CORRESPONDENT.

New York, Oct. 8—"Any train running at the rate required of the present fast-flyers between New York and Chicago is unsafe," said a railroad president to me last evening. And he is a practical builder of railroads and presumably speaks with authority. "I wouldn't run any train on such a schedule on my road," he added, "because too much peril enters into the proposition." Recent arrivals from Europe, with whom I've been talking, breathed the same conviction relative to prevailing "racing" by trans-Atlantic steamships. Some of them came back thoroughly alarmed, declaring their next trip would be taken on a slow boat. It is all born of the spirit of competition. When Vanderbilt bought Goldsmith Maid he bought her to go a mile in 2:20 and gave $20,000 for her on that account. Later, competition forced her to cut that down many seconds to hold her position on the turf. When 40 miles an hour was attained by express trains the world was aghast. Now it is 60 to 70 miles or it isn't express. That increase in speed would be all right if the roadbed and equipment had been proportionately improved; but my friends, the railroad president tells me that such is not the fact. Time was when a week was going time across the Atlantic. Now it is down to five days nearly; and every trip they are trying to lower it. "Caution!" That's the exclamation that goes with the shudder of doubt if it is well to take such risks? New York is getting very serious over the matter, too.

Riots at Polls Don't Disturb New Yorkers.

More's the pity! This last holding of primaries was distinguished by a return to plug-ugly days, fighting and stabbing and shooting. But New York's decent element didn't turn a hair. Nobody seemed to care. Unruly elections are what New York has been used to these many years, for there is always a fight on, and it is always—as it was this time—a fight for selfish control of patronage, not for survival of the fittest principles. It is the fashion—doubtless you've heard it again and again, for it has been in the air continually—to maintain that wide-open New York is the best governed city on this continent because it is wide-open. Knowing whereof I speak I may say that there is a great combination of breweries in this city that are bound together to increase the sale of liquor ostensibly along high moral grounds; but the fact is that Murphy of Tammany Hall complained biterly because that brewery combination failed to assist with suitable funds at the last election, providing that the "high moral grounds" are all fudge, and that campaign subscriptions to New York political causes invariably go to help elect the Tammany ticket; not because it is Democratic, but because it is Tammany, another name for "the thing with the pull." Judging by the last primaries New York will continue to stand as the best example of the worst corruption of the ballot on the American continent.

The Bishop of London Among Us.

You can wager that Old Trinity wouldn't have been thronged so that His Grace came near being mobbed had His Grace been just as able a preacher, but some obscure purveyor of spirituality. The plain explanation of the vast attendance at this sermon in Trinity church is the passion of the "financial New Yorker" today to anything English. It surpasses belief how "biarsted English" the moneyed New Yorker dearly loves to be or at least to be thought. Bishop Ingram is beyond question a very reverend and devout man and an able preacher; but I haven't seen such a mob since the days when John L. Sullivan paid his first visit to Wall street, showing that we haven't outgrown our propensity to truckle to the "emidence of the moment." Let Gen. William Booth of the Salvation Army visit Wall street one day, and Joe Gans, the colored pugilist, visit it the next day, and the same individuals will pay the same homage to both Wall street goes to Trinity church, or lines the sidewalk, purely for the sake of being diverted; and I heard some express the opinion that the case of true religion gains nothing by summoning money-getters away from their idols during money-getting hours and under money-getting conditions and influences. On second and serious thought I think them quite honest in that belief, and perhaps not so far wrong.

Restaurants Draw Line on Dogs.

I was dining the other evening in Churchill's, Broadway and Forty-Sixth street. A lady and gentleman entered, the lady carrying in her arm a mite of a short-nosed dog. They took a table, but before the waiter could take their order the head waiter went over and asked to be given the dog that he might remove it to the basement and "check" it, as he termed it; that is, have it cared for until the parties were through eating. The lady indignantly refused to be parted from her dog, whereupon the head waiter said: "I'm sorry, madam, but under those circumstances we can't serve you." And the lady and her escort—the dog still hugged in ner arms—departed. Churchill came along at that moment and I told him I was much pleased to see such a stand taken. "That's the rule here," he replied. "I'll not make a kennel of this place. But you'd be astonished what a row some women kick up because I won't allow them to keep their dogs at the table with them while they eat their dinners. It's either no dogs, or no dinner, here." The best restaurants along Broadway take much the same stand; although in a few cases they're not so particular. The smart New York woman is getting very insistent in her demands for respect to be shown her dog. One of them refused to part from her's in a restaurant the other night because, she said, the dog was worth $1,500. Tne proprietor replied that he didn't care if the dog were worth fifteen millions, it must be kept out of his place of business. At this the owner flouted herself out with every manifestation of high dudgeon. Churchill used to be a policeman before he became a caterer, and knows New York through and through; and he knows that if he allowed dogs to come into his place it wouldn't be long before their owners would insist on their being given a seat and served with a meal from the menu. That's what is known as the "spoiling by money," but it is confined to plebians and mushrooms, for who else would give $1,500 for a dog?

Afflicted With Sore Eyes for 33 Years.

I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. Earls, Cynthiana, Ky. Chamberlain's Salve is for sale by all druggists.

Card of Thanks.

Editor Sun: I desire through your paper to express a word of thanks to Miss Bradley, superintendent of the hospital at Gainesville, for her extreme kindness to me while there; also to the nurses, who were kind and attentive to me, and to Dr. J. H. Hodges, who attended me. I must congratulate the people of Gainesville on having in their midst such a grand institution, equipped with such a competent manager and noble nurses.

ALABAMA CATHOLICS PROTEST.

Object to Use of the Bible in Public Schools.

Montgomery, Ala., Oct. 8.—The Roman Catholic Church in this state has entered a protest against the use of the Bible and Bible readings in the public schools of the state and makes it very plain to State Superintendent od Education H. C. Gunnells, that a fight through all the courts will be made to eliminate the practice which says, so far as the Catholics are concerned, is an outrage. It insists that it is not constitutional and that it has not been allowed in any of the states where a test has been made.

Replying, Superintendent Gunnels indicates that it will not be discontinued so far as orders from his office are concerned until the courts hold that it must be, and he points out that the practice is as old as the schools themselves. He says that it is a local question with which the superintendent has noting to do, and exists without orders or instructions from his office.

The protest on the part of the Roman Catholic churches is made by the Rev. Father Patrick T. Costello, assistant to the pastor of St. Peter's church in Montgomery, who also serves some of the smaller churches of the section. He tells Mr. Gunnells that he hopes that he will not force the issue, as it will cost the state a useless expenditure, as the American school, like the American constitution, must know no religious belief.

NOTABLE MEDICAL DISCOVERY.

Of Special Value to Many Here in Gainesville.

One of the most notable discoveries and one that undoubtedly appeals more than anything else to many people here in Gainesville is the combination of stomach remedies in the Mi-o-na treatment. This prescription has worked wonders, and there is always no excuse for anyone suffering with indigestion or weak stomach.

It acts specifically upon the muscles of the stomach and bowels, strengthening and stimulating them so that they readily take care of the food that is eaten. It also increases the flow of gastric juices, thus getting from the food the nourishment that is necessary for health and energy.

The symptoms of indigestion are numerous, such as distress after eating, flatulence, heartburn, sick headaches, dizziness and irritability. These are all dispelled by a few doses of Mi-o-na when the trouble is recent, but just as surely in long standing and chronic cases if the treatment is followed for a reasonable length of time.

So positive are the good effects following the use of Mi-o-na that the remedy is sold by J. W. McCollum & Co. under an absolute guarantee to refund the money if it should fail to cure.

Big Ransom for Raisuli.

Tangier, Oct. 8.—The release of Caid Sir Henry MacLean, who for some time has been held captive by Bandit Raisuli, at last seems to be within measurable distance. It is stated on the best possible authority that the British government has accepted Raisuli's reduced terms for MacLean's release, the principal item being $150,000 ransom, and British protection for Raisuli and his family will be guaranteed by Sultan Abdul Aziz. Sir Harry MacLean's brother is now at Rabat, bringing the negotiations with the sultan to a close.

THE PUBLIC IS PLEASED.

Everyone is Delighted at Appointment of Prof. W. S. Cawthon.

Announcement was made in The Sun of Tuesday morning that Superintendent Dr. J. L. Kelley had appointed Prof. W. S. Cawthon, of the University of Florida, and one of the most capable educators of the State, to the principalship of the Gainesville Graded and High School.

This announcement seemed to please everyone interested in the welfare of the school, as Prof. Cawthon is a man well known in this section, having been connected with the University ever since the institution was established here.

Prof. Cawthon is very much pleased over the appointment, as he has expressed himself. He is going into the work with a vigor and earnestness which must mean success, and pays a high compliment to his associates by saying that no better can be found anywhere.

The school will open in regular order on Monday morning, and both faculty and students will enter the work with a determination to make the most successful and beneficial term in the history of the institution. Gainesville has the advantage of having a most energetic and ambitious lot of pupils, and as the faculty is also ambitious and energetic, we may expect a gratifying success of the coming term.

"I have studied the personnel of the faculty well," remarked Prof. Cawthon to a Sun representative Tuesday, "and I can flatter myself in the assertion that I believe I have the best all-round faculty in the State. They are all good, conscientious, hard workers of ability, and there is no reason why we should not come out at the end of the season with flying colors. I am going to work in harmony with the faculty and students, and there is no reason that we will not all work in harmony together."

It Wasn't M. J. Ward.

M. J. Ward, a well-known and prominent citizen of Tacoma, who was in Gainesville Monday, called at The Sun office and stated that this paper had published an announcement in its September report of the proceedings of the Board of County Commissioners that, among others, he had "complied with the law," etc., and had been granted a permit to own and carry a pistol.

"This is not correct," remarked Mr. Ward. "I never had occasion to carry a pistol in my life, and it looks as though I was about getting ready to do so. I have no objection to the fellow who wants to carry a gun, because in many instances it may be an absolute necessity; but I have not yet arrived at that stage, and I desire The Sun to correct this impression."

The official proceedings of the Commissioners are taken from the minute book, and upon investigation it was observed that it was not M. J. Ward, but W. J. Ward, to whom the permit was granted. There being such a similarity of initials, the mistake was made.

"Keep well" is better than "get well." *Scott's Emulsion* fortifies the body against disease and strengthens it during convalescence. It is composed of cod liver oil and hypophosphites in easily digested form. It builds up faster than work, worry and trouble can tear down.

Quinsy, Sprains and Swellings Cured.

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valued for sprains and swellings. For sale by all druggists.

JAKE MOORE IN JAIL.

Accused of Blocking Train, was Turned Over to County by Bondsmen.

Jake Moore, a negro who was arrested some time during last fall upon a charge of obstructing the Seaboard Air Line track at Campville by piling crossties upon the same, and who has been out under bond, was turned over to Sheriff Fennell Tuesday by his bondsmen, and is now in jail.

Moore will be held awaiting action of the grand jury at the fall term of the circuit court in November.

Marshal Arnow's Report.

Those who think Marshal Arnow does not properly attend to his duties, evidently do not know what they are talking about. This efficient officer is ever on the alert for the interests and safety of those whom he was elected to protect, with the result that it has come to the point where those inclined to break the law are watchful of his whereabouts.

Marshal Arnow turned in his report for September to the Council Monday night, which, although may not look so creditable to the morals of the city, shows at least a credit to the diligence of the police force.

The report shows that during the month there occurred twenty-eight arrests, from which fines and costs derived aggregated $108.75. There were twenty-seven head of cattle and hogs arrested for the violation of the ordinance prohibiting them from running on the streets, and the impounding fees amounted to $13.50. The total business for the month ran to a total of $121.75.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

WOMEN WHO CHARM

Health Is the First Essential Toward Making a Woman Attractive.

MISS HULDA KUGHLER MISS ELIZABETH WYNN

There is a beauty and attractiveness in health which is far greater than mere regularity of feature.

A sickly, irritable, and complaining woman always carries a cloud of depression with her; she is not only unhappy herself but is a damper to all joy and happiness when with her family and friends.

It is the bright, healthy, vivacious woman who always charms and carries sunshine wherever she goes.

If a woman finds that her energies are flagging and that everything tires her; if her feminine system fails to perform its allotted duties, there is nervousness, sleeplessness, faintness, backache, headache, bearing-down pains, and irregularities, causing constant misery and melancholia, she should remember that Lydia E. Pinkham's Vegetable Compound made from native roots and herbs will dispel all these troubles. By correcting the cause of the trouble it cures where other treatment may have failed.

Miss Elizabeth Wynn, of No. 205 8th Avenue, New York City, writes:

Dear Mrs. Pinkham:—

"For months I suffered with dreadful headaches, pain in the back and severe hemorrhages. I was weak and out of sorts all the time. Lydia E. Pinkham's Vegetable Compound helped me when all other medicine had failed. It seemed to be just what I needed and quickly restored my health."

Miss Hulda Kughler, of No. 25, West 15th Street, New York City, writes:

Dear Mrs. Pinkham:—

"For months I was ill with an internal trouble. I suffered terrible agony, was nervous, irritable, and sick all the time. I took different medicines without benefit. Lydia E. Pinkham's Vegetable Compound was recommended and within six months I was completely restored to health and I want to recommend it to every suffering woman."

Women who are troubled with painful or irregular functions, backache, bloating (or flatulence), displacements, inflammation or ulceration, that bearing-down feeling, dizziness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

It is said that Mr. Roosevelt's forthcoming message to Congress will be "extremely long." Well, it takes a lot of space to touch up everything, from nature faking to not mentioning the tariff.

A number of people are so distressed concerning the business morals of Mr. John D. Rockefeller that they actually would do those things themselves if they had the chance, just to keep the old fellow in the straight and narrow path.

ARM-CHAIR ARMY OFFICERS.

Perhaps it is the President's fault and perhaps it is not. It sounds remarkably like one of his wicked schemes. But the general staff is getting the credit of it. Army officers who have not seen the top elevation of a horse except from a club window for years are going to be put through their paces riding as a preliminary for promotion. This is little short of awful. There are a lot of officers in Washington particularly who are healthy enough in a general sort of a way, and would not be retired for physical disability from an arm chair for the next decade, who may show up in very different shape after thirty miles on horseback. It may be only a coincidence, but there is a decided "hump" in the line of promotion, and if the officers under them have to wait for their step till the present sedentarily healthy officers are retired by law, then the younger men in the service will be wearing lieutenants' shoulder straps and bald heads at the same time. Therefore the riding qualification for promotion. The rumor about this test of physical efficiency has been afloat for some months, but the blow fell last week, and there are 60 officers from the rank of colonel down who will be put on the quarterdeck of a horse early this month and sent out for a long road ride. Then they will be examined, and the chances are that a lot of them will be retired. Being retired for physical disability is no disgrace, but it means reduced pay. However, it will mean promotion for a lot of younger officers, and they will try to put up with this with becoming fortitude. It is a little hard on some of the arm-chair officers who can see their finish without the aid of a field glass, and they are naturally blaming it on the President, who, they hold, has a mania for physical exercise. He has come to the point where, in spite of tennis, he rides at 195. But he can still take a five-barred gate, and apparently he does not see why an army officer should not.

MUCH WORK—SMALL PAY.

Most anybody can edit a newspaper and make it interesting for awhile. Some people can keep up the interest for a month or two without fagging, but it takes a natural-born pencil shover and a hard worker to grind out an interesting batch of local and editorial items week after week for a term of years. There is no profession that is more exhausting or less remunerative for the work than the editorial or journalistic profession, but how few believe this.—Palatka News.

All of which is very true, but suppose you had to keep your lick up day after day, instead of "week after week!" You fellows on the weekly press who get out good papers, like The News, undoubtedly have to work hard to do so; but you must multiply your weekly stunt by six, and in many instances seven, before you will fully realize the diabolism of the strenuous life.—Live Oak Democrat.

The editor of The Democrat is correct. Our brethren of the weekly press who have never published a daily have no conception of the "strenuous life" we publishers of the daily papers have to lead. The editor of The Sun, for instance, has been working seventeen hours a day for the past two weeks, from 5 o'clock in the morning until 10 o'clock at night, with barely half an hour for meals, being compelled to "turn a hand" at everything connected with the business, from delivering papers, setting advertisements, keeping the books, collecting and paying bills, etc., to getting up the editorial copy.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. President Roosevelt in his speech at the tomb of McKinley dwelt upon the hatred and envy of the rich. With all due respect to the President of the United States there is but little such feeling in the hearts of American citizens. There is, however, a strong feeling against the predatory rich, that have plundered right and left, and a universal demand for their punishment where they have disobeyed the laws, and this feeling has been hightened by the immunity granted by the President and his advisers in particular instances.

Phillip Isaacs has sold The Fort Myers Press to P. A. Ruhl, recently of The Bartow Courier-Informant. Mr. Isaacs is one of the oldest members of the Florida press, and the fraternity will deeply regret his retirement from the editorial tripod. Mr. Ruhl is one of the best newspaper hustlers in the State, and he will undoubtedly make a success of The Press. Good luck to you, Pete.

There will have to be a showdown pretty soon by the Republican players in the Presidential jack-pot, for Taft and Cortelyou are both intent on raising the limit and forcing President Roosevelt to lay down or show his hand.

M. J. Ward, a well-known and prominent citizen of Tacoma, who was in Gainesville Monday, called at The Sun office and stated that this paper had published an announcement in its September report of the proceedings of the Board of County Commissioners that, among others, he had "complied with the law," etc., and had been granted a permit to own and carry a pistol.

"This is not correct," remarked Mr. Ward. "I never had occasion to carry a pistol in my life, and it looks as though I was about getting ready to do so. I have no objection to the fellow who wants to carry a gun, because in many instances it may be an absolute necessity; but I have not yet arrived at that stage, and I desire The Sun to correct this impression."

The official proceedings of the Commissioners are taken from the minute book, and upon investigation it was observed that it was not M. J. Ward, but W. J. Ward, to whom the permit was granted. There being such a similarity of initials, the mistake was made.

"Keep well" is better than "get well." Scott's Emulsion fortifies the body against disease and strengthens it during convalescence. It is composed of cod liver oil and hypophosphites in easily digested form. It builds up faster than work, worry and trouble can tear down.

ALL DRUGGISTS; 50c. AND $1.00.

Quinsy, Sprains and Swellings Cured.

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valued for sprains and swellings. For sale by all druggists.

JAKE MOORE IN JAIL.

Accused of Blocking Train, was Turned Over to County by Bondsmen.

Jake Moore, a negro who was arrested some time during last fall upon a charge of obstructing the Seaboard Air Line track at Campville by piling crossties upon the same, and who has been out under bond, was turned over to Sheriff Fennell Tuesday by his bondsmen, and is now in jail.

Moore will be held awaiting action of the grand jury at the fall term of the circuit court in November.

Marshal Arnow's Report.

Those who think Marshal Arnow does not properly attend to his duties, evidently do not know what they are talking about. This efficient officer is ever on the alert for the interests and safety of those whom he was elected to protect, with the result that it has come to the point where those inclined to break the law are watchful of his whereabouts.

Marshal Arnow turned in his report for September to the Council Monday night, which, although may not look so creditable to the morals of the city, shows at least a credit to the diligence of the police force.

The report shows that during the month there occurred twenty-eight arrests, from which fines and costs derived aggregated $108.75. There were twenty-seven head of cattle and hogs arrested for the violation of the ordinance prohibiting them from running on the streets, and the impounding fees amounted to $13.50. The total business for the month ran to a total of $121.75.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

WOMEN WHO CHARM

Health Is the First Essential Toward Making a Woman Attractive.

MISS HULDA KUGHLER MISS ELIZABETH WYNN

There is a beauty and attractiveness in health which is far greater than mere regularity of feature.

A sickly, irritable, and complaining woman always carries a cloud of depression with her; she is not only unhappy herself but is a damper to all joy and happiness when with her family and friends.

It is the bright, healthy, vivacious woman who always charms and carries sunshine wherever she goes.

If a woman finds that her energies are flagging and that everything tires her; if her feminine system fails to perform its allotted duties, there is nervousness, sleeplessness, faintness, backache, headache, bearing-down pains, and irregularities, causing constant misery and melancholia, she should remember that Lydia E. Pinkham's Vegetable Compound made from native roots and herbs will dispel all these troubles. By correcting the cause of the trouble it cures where other treatment may have failed.

Miss Elizabeth Wynn, of No. 205 8th Avenue, New York City, writes:

Dear Mrs. Pinkham:—

"For months I suffered with dreadful headaches, pain in the back and severe hemorrhages. I was weak and out of sorts all the time. Lydia E. Pinkham's Vegetable Compound helped me when all other medicine had failed. It seemed to be just what I needed and quickly restored my health."

Miss Hulda Kughler, of No. 25, West 15th Street, New York City, writes:

Dear Mrs. Pinkham:—

"For months I was ill with an internal trouble. I suffered terrible agony, was nervous, irritable, and sick all the time. I took different medicines without benefit. Lydia E. Pinkham's Vegetable Compound was recommended and within six months I was completely restored to health and I want to recommend it to every suffering woman."

Women who are troubled with painful or irregular functions, backache, bloating (or flatulence), displacements, inflammation or ulceration, that bearing-down feeling, dizziness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

"Mr. Roosevelt is the victim of his over zealous adorers," says The New York Sun. The Sun, however, can establish an alibi.

Private advices to the editor of The Sun from Tallahassee state that "it looks like an extra session of the Legislature some time in November."

The many milk dealers who are being convicted of watering milk have evidently mistaken their calling. They should have been Wall Street frenzied financiers.

Mr. Andrew Carnegie may feel that he should die on the threshold of the poorhouse, but he doesn't seem to care particularly to have the tax collector help him get there.

If those Congregational preachers are right the Chicago 400 are worse than the New York crowd. But thank goodness there are only 400 of them, and they are all Republicans.

The colored vote is said to be gravitating towards Tom Johnson for mayor of Cleveland, because the President came out for Burton. Thus do political chickens come home to roost.

It is said that Mr. Roosevelt's forthcoming message to Congress will be "extremely long." Well, it takes a lot of space to touch up everything, from nature faking to not mentioning the tariff.

A number of people are so distressed concerning the business morals of Mr. John D. Rockefeller that they actually would do those things themselves if they had the chance, just to keep the old fellow in the straight and narrow path.

American coal is to be used for the battleships going to the Pacific, if the cost does not exceed 50 per cent more than the tenders for foreign coal. That would seem to be giving the coal trust more than its share of protection. But President Roosevelt has so ordered.

C. C. McGinty has announced his candidacy for tax assessor of Manatee county. He resides at Sarasota, where the water is evidently not so deep that he cannot rise from the "bottom of the sea" in case of his defeat at the primary in 1908. This McGinty believes in the old adage of the early bird catching the worm.

ARM-CHAIR ARMY OFFICERS.

Perhaps it is the President's fault and perhaps it is not. It sounds remarkably like one of his wicked schemes. But the general staff is getting the credit of it. Army officers who have not seen the top elevation of a horse except from a club window for years are going to be put through their paces riding as a preliminary for promotion. This is little short of awful. There are a lot of officers in Washington particularly who are healthy enough in a general sort of a way, and would not be retired for physical disability from an arm chair for the next decade, who may show up in very different shape after thirty miles on horseback. It may be only a coincidence, but there is a decided "hump" in the line of promotion, and if the officers under them have to wait for their step till the present sedentarily healthy officers are retired by law, then the younger men in the service will be wearing lieutenants' shoulder straps and bald heads at the same time. Therefore the riding qualification for promotion. The rumor about this test of physical efficiency has been afloat for some months, but the blow fell last week, and there are 60 officers from the rank of colonel down who will be put on the quarterdeck of a horse early this month and sent out for a long road ride. Then they will be examined, and the chances are that a lot of them will be retired. Being retired for physical disability is no disgrace, but it means reduced pay. However, it will mean promotion for a lot of younger officers, and they will try to put up with this with becoming fortitude. It is a little hard on some of the arm-chair officers who can see their finish without the aid of a field glass, and they are naturally blaming it on the President, who, they hold, has a mania for physical exercise. He has come to the point where, in spite of tennis, he rides at 195. But he can still take a five-barred gate, and apparently he does not see why an army officer should not.

MUCH WORK—SMALL PAY.

Most anybody can edit a newspaper and make it interesting for awhile. Some people can keep up the interest for a month or two without fagging, but it takes a natural-born pencil shover and a hard worker to grind out an interesting batch of local and editorial items week after week for a term of years. There is no profession that is more exhausting or less remunerative for the work than the editorial or journalistic profession, but how few believe this.—Palatka News.

All of which is very true, but suppose you had to keep your lick up day after day, instead of "week after week!" You fellows on the weekly press who get out good papers, like The News, undoubtedly have to work hard to do so; but you must multiply your weekly stunt by six, and in many instances seven, before you will fully realize the diabolism of the strenuous life.—Live Oak Democrat.

The editor of The Democrat is correct. Our brethren of the weekly press who have never published a daily have no conception of the "strenuous life" we publishers of the daily papers have to lead. The editor of The Sun, for instance, has been working seventeen hours a day for the past two weeks, from 5 o'clock in the morning until 10 o'clock at night, with barely half an hour for meals, being compelled to "turn a hand" at everything connected with the business, from delivering papers, setting advertisements, keeping the books, collecting and paying bills, etc., to getting up the editorial copy.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

President Roosevelt in his speech at the tomb of McKinley dwelt upon the hatred and envy of the rich. With all due respect to the President of the United States there is but little such feeling in the hearts of American citizens. There is, however, a strong feeling against the predatory rich, that have plundered right and left, and a universal demand for their punishment where they have disobeyed the laws, and this feeling has been hightened by the immunity granted by the President and his advisers in particular instances.

Phillip Isaacs has sold The Fort Myers Press to P. A. Ruhl, recently of The Bartow Courier-Informant. Mr. Isaacs is one of the oldest members of the Florida press, and the fraternity will deeply regret his retirement from the editorial tripod. Mr. Ruhl is one of the best newspaper hustlers in the State, and he will undoubtedly make a success of The Press. Good luck to you, Pete.

There will have to be a showdown pretty soon by the Republican players in the Presidential jack-pot, for Taft and Cortelyou are both intent on raising the limit and forcing President Roosevelt to lay down or show his hand.

The Standard Oil Company is preparing to exploit the oil fields of Japan. After a little while the Mikado will be permitted to stand aside and let the company run the government for him.

It appears it was Standard Oil money that was back of some of those dinners Harry Thaw gave. That possibly accounts for the malodorous features behind them.

The Atlanta Journal and The Atlanta Constitution are engaged in a discussion about foreign rates on stoves. The argument is getting warm, too.

HERBINE

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

GEORGIA MASONS TO MEET.

Grand Lodge Will Assemble in Macon, Ga., on Oct. 29th.

Atlanta, Oct. 7—The grand lodge of Georgia Masons will convene in Macon on Oct. 29 in its two hundred and twenty-first annual communication. The session will be the most largely attended in the history of Georgia Masonry.

There will probably be 1,500 masters and past masters present.

The wonderful record of the past year is set forth in a letter of Grand Master Meyerhardt, which has been sent to all the lodges. Among other things in this letter the grand master says:

"It is with profound pleasure that I announce to you that the past year has been one of unprecedented prosperity. When the grand lodge convenes there will be in the treasuryy about $35,000, the greatest surplus known in the history of Georgia Masonry. We will have 30,000 members on our rolls—an increase of 12-000 within the past nine years. Our lodges—including those under dispensation—number 510. Our home has been improved, every need of its occupants has been supplied, we do not owe one cent, and every department of the grand lodge has been properly and creditably maintained. A new or enlarged grand lodge temple is in contemplation and Georgia masonry stands on a higher and nobler plane than ever before."

A Certain Cure for Croup—Used for Ten Years Without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequaled for croup and whooping cough. For sale by all druggists.

Forest Reserve Project.

Charlotte, N. C., Oct. 7—The Appalachian park forest reserve project is warmly supported by Governor Glen and other state officials, the press and almost all the people of the state. There has been slight opposition to the proposition in certain portions of the mountains of this state, inspired by one or two politicians, but on the whole, the forest reserve is enthusiastically favored in this state at large.

Blown to Atoms by Nitroglycerine.

San Antonio, Tex., Oct. 7.—Owen V. Anderson, recently appointed a lieutenant in the United States army, was blown to atoms Friday while handling a bottle of nitroglycerine. The house was wrecked and his mother had a narrow escape. He was preparing to go to Fort Leavenworth and was emptying a bottle of the explosive when the accident occurred.

Nuns Robbed of $300.

Washington, Oct. 8.—Jewels and money are missing from the Georgetown convent as a result of a robbery committed there. The sister superior of the institution reported to the police that between $200 and $300 in cash, a handsome diamond ring, a coral necklace and a bracelet had been taken from a desk in her office. Detectives investigated the complaint but found no traces of the doors or windows having been forced. There were indications of the desk having been pried open with a tack lift. The police are working on the theory that the theft was committed by some one familiar with the building.

Man Cremated at Cedartown.

Cedartown, Ga., Oct. 8.—A fire occurred just west of the city limits at 3:30 o'clock Sunday morning, that destroyed a house belonging to the Cedartown company and burned to death Robert Williams, a man about 40 years old. There was some seed cotton in the house, and Williams was seen by his neighbors to strike several matches during the night. His family was absent at the time of the fire, and no particulars can be obtained of the unfortunate affair. His charred body was found after the house burned down.

Boy Killed by Wagon.

Atlanta, Oct. 8.—Henry Strickland, a young white boy, deaf and dumb, was killed about 6:25 o'clock Saturday night at the junction of Peters and walker streets by a double team wagon said to belong to the Georgia Transfer company. According to witnesses the horses were going at a trot and ran into the boy, who was on a bycycle, crushing his body and head. The boy died almost instantly. Clarence Martin, the ngero driver, after a short chase, was caught by Officer Hood and sent to the police barracks

SERMONETTES

BY J. MARVIN NICHOLS.

We despise the rat that goes round our trap. For the same reason we hate men.

Your life—that inner realm of motive and aspiration—it is the test. Will you make good?

Only that ship whose sails are spread to the wild ocean winds makes its journey through the seas.

The difference between the depravity of Stanford White and thousands of others is simply in the artistic feature of the den.

The mule does his share in the uplift of the race. In the same way there are pious frauds who have the same conception.

My mule never gets on the wrong track. He knows where his talent lies. He wears the blue ribbon because he devotes his attention to his main business. There are a set of people who belong to that breed.

Our throbbing hearts are in the hands of those we love. Life—what more could we give? And when we are stranded wreck on sorrow's sands, love may or may not take on infinite beauty and pathos. It is then that it must prove strong and true. Else the heart we love gropes its way alone in the shadows of a starless night.

In that hour when strange misfortune—a weird fate—snuffed out the light, have you felt into the inky darkness and longed for the touch of a loving hand? Happy is the man who hears the whispers of an abiding voice that brings peace in the time of storm. Wretched the man who feels the touch of no tender hand and faces the valley of shadows—so solitary, so frigid.

One of my "Little Classics" declares that is is certain if we make no effort, we shall get no prize. Success means eternal toil. Genius is merely the tact of keeping up the fight. The darkness swallows us at times, but still we must plod along and before long we shall see gray streaks in the sky and things will take form, and what we thought ogres lying in wait, will prove but harmless creatures of our own imagining.

There was one good thing about that comet craze. Some got good when the world was burning up. It's all a pose—it's a huge stunt. It makes me think of the Millerite scare. They figured out the exact hour of the world's destruction. They dressed in robes of white and waited for chariots of fire. It was to be in the night-time. There was one pious rube among them. He proposed to be robed and ready. He aimed to be first to step into the chariot. Dressed in spotless white he climbed into his high haystack. The hours drew slowly on. Sleep overcome him. He slumbered. The kids saw the chance. They ring-fired the saint. He awoke in the middle of fire. "Just as I expected," shouted the rube. "The Lord's done come and I'm dead and in hell already!" So it goes. So it be when the Son of man cometh.

Attention, Stonewall Camp!

There will be a meeting held at the court house on the 14th of October, Monday, at 10 o'clock, for the purpose of electing delegates to the Division Reunion in Pensacola on October 23rd and 24th; also to elect officers for 1908. By order

DUTTON NOTES.

Dutton, Oct. 8.—Frank Dennis made a business trip to Wacahoota last week.

Mrs. W. L. Pratt and children are visiting relatives in High Springs this week.

Mrs. E. C. Pearson's friends are pleased to welcome her home again, after a delightful visit covering a period of several weeks to points in Virginia, South Carolina and Washington, D. C. She was accompanied by her sister, Miss Lessie May.

Master Clyde May of Savannah, Ga., was visiting relatives here last week.

H. M. Williams and E. C. Pearson have returned from a well earned vacation to the Jamestown Exposition, returning via Washington and Asheville, N. C.

Mrs. M. V. Lloyd of Wauchula, Fla., is now proprietress of the Dutton boarding house.

The Dutton school is being taught by Mrs. E. C. Pearson this term. An enrollment of forty-one pupils is reported.

Epworth League Study Class.

On Monday evening the Epworth League Mission Study Class of the First Methodist church met at the residence of Dr. J. F. McKinstry, Sr. There were seventeen members present and a very pleasant hour was spent in the study of the new book, "The Uplift of China." W. R. McKinstry led the class in the recitation.

After the lesson delicious refreshments of cake and sherbert were served.

This class now has twenty-three members, and the interest in the work is constantly growing.

Killed a Big Rattler.

Sam Hodge, a colored farm hand at the Carter farm, a short distance west of the city, "run agin" a monster rattlesnake on the place Monday afternoon, after which he got busy and dispatched the reptile in quick order with a fence rail.

His snakeship was one of the largest seen in this section in several years, measuring six feet, three inches, and sporting eleven rattles and a button.

Rocky Point School.

The Rocky Point school opened the regular fall term Monday under most favorable circumstances, and with a good enrollment. The teacher this term is Miss Hayman of Princess Anne, Md., who comes highly recommended.

Miss Hayman is a young lady of clever disposition, and will no doubt prove popular with patrons and pupils of the school alike.

Negro Lynched in Maryland.

Cumberland, Md., Oct. 8.—William Burns, a negro desperado, who on Thursday night shot Policeman August [illegible] inflicting a wound from which [illegible] died, was taken from jail [illegible] by a [illegible] early hour Sunday morning [illegible] and kicked to death.

MORE PAY FOR MINISTERS.

Question of Higher Salaries for Pulpit Orators Reaches Crisis.

Chicago, Oct. 8.—Reports received by the Tribune from ten of the Methodist Episcopalian conferences in Illinois and neighboring states, show that the question of higher salary for the average minister of that church has reached a crisis.

The generally expressed opinion is that religious work soon will suffer for lack of preachers unless salaries are raised. In many of the conferences just held there was an exodus of preachers from the pudpit to enter business life.

The higher salaried movement was discussed and advocated at practically all the conferences.

Salaries have been advanced about $100 each during the last four years but this increase, which has not kept pace with the cost of living has failed to stem the ministerial stampede into business life.

After Wiley's Seat.

Montgomery, Ala., Oct. 8.—The race for congress in this, the second Alabama district, promises to be very warm. Colonel A. A. Wiley, who takes the matter easily, is going to have a fight on his hands to keep a steady seat on the board. However, he is wonderfully popular and his friends say he will win out. Thomas J. Hall, a man of commercial forces, is making a systematic canvass and gathering as much of his strength in concentrated form as he can. Former Chancellor Richard H. Parks is expected to get in and disturb the deal "cinches," if possible. It is also said that Charles R. Bricken, colonel of the second regiment and solicitor, whose home is in Crenshaw county, may ask for the place, but this is doubtful, as he seems satisfied with his job.

That Tired Feeling.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c. Sold by W. M. Johnson.

Southern Train Wrecked.

Columbia, S. C., Oct. 8.—Southern Railway passenger train No 13, from Spartanburg to Columbia, was wrecked near Lockhart Junction, Sunday afternoon. Engineer McCoy, of Columbia, and a negro fireman were injured slightly. None of the passengers were injured. The accident was caused by the placing of a steel rail across the track by unknown persons.

1,000 Bales Sold at Americus.

Americus, Ga., Oct. 8.—Americus warehouses made a record on receipts as handling one thousand bales of wagon cotton. Thirteen thousands bales have been handled by warehouse men here already, nearly all of which is sold and the money expended here. The sale of a thousand bales on Saturday gave a stimulus to business.

Fire Due to Kicking Horse.

Plainfield, N. J., Oct. 8.—William H. Appleby was burned to death in a fire which destroyed a barn belonging to his sister, Mrs. George Morgan, on Sunday. The fire was started by a horse kicking over a lantern. This same horse, a few weeks ago, kicked to death Mrs. Appleby's husband and was the indirect cause of the death of her daughter, Fannie.

100 Boxers Killed.

Kan Chow Fu, Oct. 8.—For participation in the recent riots here, the Chinese government has arrested and punished many rioters. One hundred "boxers" have been killed by government troops at Canan Fu.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

She is a teacher of ability, and will no doubt make a fine record for the school the coming year.

J. M. Turner of Micanopy was trading in the city yesterday. Mr. Turner owns a nice home near Micanopy, at Lake View, where he has made a great success at farming. He is one of those fellows who "lives at home and boards at the same place," and not a season passes but what his cribs, barns and smoke-houses are filled with a year's supply of the best things that can be made on a farm.

T. L. Hodgson of Williston spent Monday in this city, where he came on business connected with the Board of County Commissioners. Mr. Hodgson has the agency in this State of the finest stump and tree puller ever seen here, and succeeded in selling to the Board one of these outfits, which everyone who knows declares is one of the best investments that body has ever made in the way of road machinery.

Chas. M. Lynch, formerly of Jacksonville but who is making his home here now, has gone to Palatka, Daytona and points on the East Coast. Mr. Lynch is holding a responsible traveling position.

The principal of the Gainesville Graded and High School will be at the school building on Thursday and Friday afternoons of this week from 2 to 4 o'clock, for the purpose of classifying new pupils.

Attention is directed to the advertisement of the Baird Hardware Company in this issue. They carry a full line of aluminum ware and the ladies should get their prices on articles pertaining to their kitchen.

B. B. Barco, formerly of this city but now residing in Tampa, has returned to his home, after a brief business trip here. Mr. Barco came to close the trade for the cattle and equipment of the Carter dairy he purchased, and of which mention was county capital.

J. S. Bailey of Newberry was in the city yesterday. Mr. Bailey is just up from the Odd Fellows' Sanitarium, where he has been confined for the past few days from the result of a surgical operation. He survived beautifully the operation, however, and has been discharged for a week.

Prof. Jules Eichelberger and H. J. Dempsey, "two confirmed bachelors," but good fellows, are now pleasantly located in the old Smith building, East Main street S., where they are taking life easy between work hours. They have fitted up their rooms with neat furniture, and have every convenience. They have about concluded that the life of a bachelor is worth living, after all.

Captain C. B. McClenney of Cadillac, an extensive merchant and cotton buyer, and one of the leading citizens of that section of the county, was transacting business in the city yesterday. Captain McClenney was the founder of the town which bears his name in Baker county, and years ago, prior to the first big freeze, was one of the most comfortably fixed men, financially, in this section of the State.

At the meeting of Kirby Smith Chapter, U. D. C., yesterday the following delegates were elected to the National Convention to be held at Norfolk, Va., next month: Mrs. J. M. Raile, Mrs. Chas. Eddy, Mrs. A. W. Taylor, Mrs. H. H. McCreary. Alternates: Mrs. A. B. Oliver, Mrs. J. B. Brooks, Mrs. F. M. Prewitt, Miss Sallie Pinkoson. The meeting was largely attended, notwithstanding the inclemency of the weather, and the ladies manifested much interest in the election.

Mrs. W. M. Prothowe and four children, Misses Robina and Evelyn and Albert and Joie, the youngest four to ten years of age, all of Port Chester, N. Y., mother, brothers and sisters of Albert Weber of this city, expect to sail for Naples, Italy, by the Cunard Line on Thursday, the 10th inst., and will remain six months in that country. Mrs. Albert Weber and Miss Martha W. Weber, also of Port Chester, will spend the winter in Florida, most likely at St. Petersburg. Albert Weber will also spend the Christmas holidays at St. Petersburg.
